

TERMS OF SERVICE (ToS)

Effective Date: July 1, 2026

1. Nature of the Service

This website is a custom-developed portfolio site and closed client portal operated by Lengyel László (hereinafter: Operator). No financial transactions or payments can be made through the website.

Registered users can access a closed interface (Dashboard) to view the basic details of the projects assigned to them (project name, description, illustration, server IP, port, domain), and access the viewing and administrative links associated with their projects.

2. Registration and Account Management

Registration and the use of the service are strictly restricted to individuals who are 18 years of age or older.

The User must provide true and accurate information during registration. The User is solely responsible for maintaining the confidentiality of their account password.

Account Suspension and Deletion: Since the system serves portfolio purposes, the Operator reserves the right to suspend, limit, or permanently delete any user account without prior notice or justification (especially, but not limited to, in cases of inactive, abusive, or spam-suspicious accounts).

3. Disclaimer of Warranties

"As is" Availability: The Operator provides the website and the Dashboard interface on an "as is" and "as available" basis. The Operator does not guarantee 100% uninterrupted or error-free operation of the system.

The Operator assumes no financial or compensatory liability for the availability of the projects displayed on the website or for the potential loss or modification of the data presented there.

The User uses the system entirely at their own risk.

4. Intellectual Property Rights

The content, source code, design, and software architecture found on the website are the intellectual property of the Operator. Unauthorized copying, reproduction, or use of these materials is strictly prohibited.
